Updates:

Shack refit.

We have currently stalled on our shack refit whilst we await the fitting of a new shack access door by the Rougham Tower association. Once work is completed, we will be installing our new cabling and hopefully siting a 70cms DMR/Analogue repeater.

If you're not already aware, it looks as though GB3EA will fall silent in November this year. We are acutely aware of this situation and have been in contact with the current keeper about its future.

I hope that we can ensure that a local 2m repeater remains active and will keep you all updated on how things progress. We would also welcome our members thoughts on this and anyone willing to assist.

Club meeting

The next club meeting will be on Wednesday 21st October.

Activities TBA.

For those of you attending, we are very lucky that David's (M9BNC) wife Chris has volunteered to do the tea, coffee, cake and sausage rolls for us!

Shack – Sunday Opening

The shack is usually open from 10.00am on Sunday mornings and at least one committee member should be present. Changes to this are usually communicated via WhatsApp.

As always thank you all for your on-going support and I look forward to seeing you on Wednesday.

Best wishes & 73's

Martin (G8XGT)
